

LOCAL BRIDGEWORKER SAYS HE IS GLAD TO INDORSE LAX-A-TONE

MR. MARTIN F. KELLY

If anyone in Bridgeport doubts the efficiency of Herbal Lax-a-Tone, their doubts should be dispelled after thorough investigation of the statement of Mr. Kelly who lives at 279 Sterling St., a man whose character, truthfulness and standing in Bridgeport is beyond reproach. Mr. Kelly says: "I have suffered with stomach trouble and indigestion. I was bothered with gas and bloated, had severe attacks of heartburn. I have tried many remedies and could find none that would bring relief until I used Lax-a-Tone and I have found Lax-a-Tone the remedy that I have looked for and I do not hesitate to publicly indorse this to the Bridgeport citizens."

Lax-a-Tone is a remedy for dyspepsia, sour acid stomach, torpid liver, bilious attacks, a spring tonic and will positively drive malaria out of the system.

The Lax-a-Tone Man is at Hartigan's Drug Store, 81 Fairfield Ave., near Main St., where he is introducing this remedy to the Bridgeport public. He will remain every Saturday evening until 10 P. M. to see those unable to call during the day.—Advertisement.

"PRESERVE OUR ANCIENT NAMES," BLACKFOOT INDIANS ASK WHITES

BLACKFEET INDIAN AND CHIEF EAGLE CHILD (ABOVE)

The Blackfoot Indians, zealous for the preservation of their tribal history, are petitioning the United States government against the giving of white men's names to the mountains, lakes, rivers, waterfalls and other natural features of Glacier National park, in Montana. The Blackfeet sold the park to the government in 1896. "Time was," say the Indians, "and not so very long ago, when we owned all the country from the Saskatchewan to the Yellowstone and from the summit of the Rockies eastward for some hundreds of miles. We desire to have some memorial of our wise and brave fathers who ruled that vast domain, and what more fitting than that their own mountains should be their monuments?" At the head of the petitioners is Chief Eagle Child.

The Best Built Truck in America

WAR wracks a truck or proves it—and so do paving stones. The Riker Motor Truck is a *war-proved truck*—tested in war-service on all fronts. As it stands today, it is largely developed from the lessons of the war.

FRAME—pressed chrome nickel steel—not structural steel.

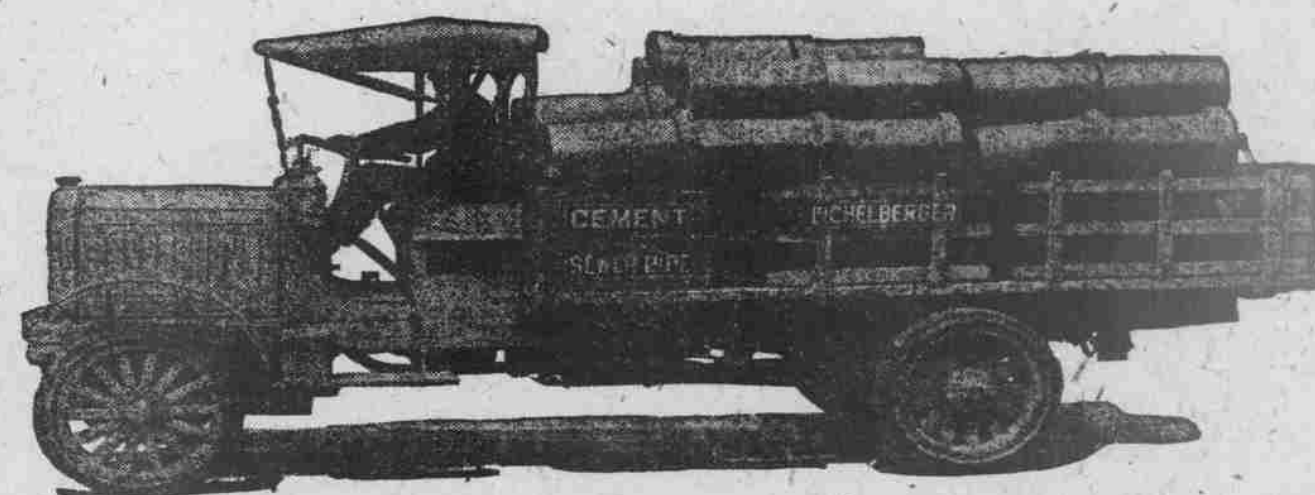

ENGINE BED—Government specification bronze—not aluminum.

SPRINGS—silico-manganese steel.

TRANSMISSION GEARS—propeller shaft, driving axel—all of chrome nickel steel.

Some of the reasons, perhaps, why the Riker Motor Truck has been called *the best built truck in America*.

MORE WAGES FOR "NEW HAVEN" SHOPMEN

New York, April 7.—It was announced at the offices of the New York, New Haven & Hartford Railroad here yesterday that the company had ordered an increase of wages of 1 1/2 cents to the 4,500 shop craftsmen employed in its service. The advance, the officials say, will mean an increase of \$200,000 in the yearly payroll.

Unions of the shop craftsmen employed by the railroad, who are affiliated with the United Brotherhood of Carpenters and Joiners of America, have had a demand for an increase of four cents an hour before the officials of the road for several weeks. A conference of the unionists held in Boston, March 27, resulted in the rejection of a compromise proposal on

their wage demands. The unionists have taken yesterday's proposal under consideration, it was announced.

CAUSE OF FIRE IN BOILER PLANT UNKNOWN

Investigation by Chief Daniel E. Johnson of the fire department failed to disclose the cause of the fire in the boiler plant of the A. McNeil & Sons' coal yards on Noble avenue. No estimate of the damage could be made this morning. The roof of the building was burned off.

Chief Johnson learned that the boiler in the neighborhood of which the fire started, hadn't been used in a long time. Confusion was caused by a second alarm, turned in by a trolley conductor who saw the blaze.
